“ Dear Thomson

I was so shocked to learn of the sad news of your passing. You are a special friend to me. Images of your generosity, kindness and lovely smile linger in my mind. In the days when we were overseas students and had to live within our means, you and Vincent treated me with yummy home cooking when I visited you both. You were helpful as I tried to settle into a new country. When both of our boys attended the same high school and I bumped into you at school functions, as always you still had the same lovely smile and gentle spirit.

Goodbye my friend. Rest in peace. My sincere condolences to your family. May God comfort your family during this difficult time.

“ Hi Thomson,

You probably don't remember me, but I'm still very grateful when you gave me the internship way back in 2008.

Thank you for that opportunity, I made a lot of friends and learned a lot of things that are useful until this day.

“ Hi Thomson, we used to bring our kids together in the events of kids birthday as we were among the few colleagues from HK, in the department, and joined in about the same time. You are such a helpful person that we can trust both in work and private matters. Although we didn't take many photos in those days, we all know that your image is always in our minds.

Have a good rest in heaven.

Thank you for your loyalty to the company, and thank you for your advice to me in our personal chats, which I enjoyed. RIP and have a happy life in another world!
