“ *I am privileged to know Allen while studying at Randwick Tech right thru UNSW. He will always be remembered as a good natured person, always charming, humble, caring & warm; someone you can always trust. The fond memories of him shall linger on. My prayers & thoughts are with Allen's family having to endure this difficult period. Knowing he has brought so much friendship, joy and appreciation to his buddies may perhaps give some comfort to his loved ones.*

“ Allen, 我在你們家暫住的時候開始認識金庸，有機會閱讀天龍八部，倚天屠龍記，鹿鼎記。昨天噩耗傳來，悲痛萬分，太突然了，很難接受現實。雖然我們已經很久沒有聯繫，但感覺始終親切。群叔，一路走好。 I will miss you, I will always remember your happy demeanour.

祈望關府各位節哀順變，保重身體！非常感謝你們給我和弟弟的照顧和關懷。

“ Allen and I were in the same year of University. We went to classes together and hangout together after classes. He often entertained us at his place in Mascot. Thinking back, it was already forty years ago. The last time we spoke was the time just before he went back to Solomon Islands to look after his family business. Recently, we had WhatsApp. Allen and thirty odd of our old uni friends chatted to each other frequently. We felt much closer together even though we actually scattered around at different parts of the world. When the Solomon Islands riot broke out, Allen told us the damage in the area and to his shop. Luckily he was all right. We sighed a breath of relief for him seeing the danger had gone. When we hear the news only weeks later that he had passed, the group was quite taken aback. We lost a good friend too soon.

Allen  
Rest In Peace,  
We Miss You

“ *I first met Allen when we studied together for a postgraduate course in 1985 in UNSW. We got to know each other more during the next one and half years*

*It was during my stay with my family in Sydney from 1991 to 1993 that we saw each other more often with both of our families.*

*I still remembered we used to play mahjong on the weekends at his home in Mascot with his mom and sisters. I was so impressed by the way he cared about his mom that you know how much he loved her.*

*Allen Kwan was truly a very gentle and nice man with a very good heart.*

*Hope the memories of such a good son, husband and father may help his wife, Anita, their two children and his family to get through this difficult time.*

*Allen, RIP.*

“ I met Allen practically as soon as I arrived in Sydney in 1979, where we did our HSC together at Randwick Technical College. Allen commenced his tertiary education journey at Uni of UNSW the following year. Upon completion of his Bachelor degree in Electrical Engineering in 1983, Allen took a gap year off before embarking his Master of Engineering Science degree, completing with an electronics major. Allen then joined Telstra with this Master’s qualifications where he rose to the rank of Principal Engineer. After 13 years with Telstra , Allen returned to Solomons Island to run his own business. Allen had played a pivotal role in influencing my education and career path. As I switched from being a Science student to Elect Eng after my first year at UNSW. As I struggled to gain work as engineer in Sydney, Allen inspired me to commence post-graduate studies when he shared with me his career path to Telstra. After just one lesson at Master’s course, I eventually gained employment at Telstra after three previous failed attempts. I’m forever indebted to Allen for being my good friend, classmate and mentor. Rest In Peace, Allen. We’ll remember you.

*I have fond memories of Allen who invited us to his home during our student days in Sydney. It was a big deal, Allen is an exceedingly kind, affable, generous and warm person as is his family. Though separated by distance and time, I am glad we reconnected. I will cherish our friendship and memories of his great hospitality. May God continue to bless him and his family.*
