“ *Grandma / Marmar,  
I will dearly miss you each and every day. Though my heart aches with the absence of your presence, I find comfort in knowing Gods reunited you with our beloved Grandpa / Yehyeh.  
I’m grateful to have spent a plethora of jubilant occasions and am also very thankful for the many lessons you’ve taught me. I draw from your strength, courage and compassion and thus am truly thankful for every second that I got to spend with you.  
You are the one of the most selfless, tenacious and intelligent person I’ve ever known.  
I know you’ll forever be in the hearts of your family and friends, but I’ll especially miss listening to your many stories, enjoying your amazing cooking, gardening together and ofcourse our pizza nights.  
Much love from your grandson,  
Taisei.*

“ I have known grandma Wong for many years medically even before I met Grandmaster and Sabum. I got impression that she was very special person, very kind and nice person right from the beginning. Later on, I found out that she was the mother of many-times world champion Grandmaster Tam Fook Chee! In particular, I saw grandma Wong was sitting there watching the Taekwondo championship competition in 2017 during the entire period! I sincerely wish that grandma Wong would rest in peace! Sincere condolences and all the best for our Grandmaster and Sabum and their family!

“ On behalf of my family and myself I am here to say goodbye to my beloved mother, mother in law and grandma.  
She will be sadly missed by all of us but the memories of her will be cherished by us forever.  
I am sure she us in a better place now with Papa looking down on us.  
Mum has always encouraged me to be independent and kind to others.  
She was passionate about cooking and loved going to the grocery shop daily to buy the ingredients for dinner.  
During my younger years living in Malaysia my friends will always try to extend their visit so that they can stay to savour Mums cooking for lunch or dinner. There was always enough food for a couple more she used to say.  
Her culinary knowledge was outstanding and was stored in her head. She never needed to look at receipe books.  
We still make some of her favourite dishes that she taught us.  
I really miss you Mum especially not being able to call you on the phone to say hello and ask for a receipe.  
Goodbye Mum until we meet again.
