“ Mum, You always have a special place in my heart. From young I learnt from your strong and "never give up" attitude toward tough times in your life; hence it had given me strength to face difficult times when I grew up.

I thank you so much for being my guide, advisor and refuge. Your kindness and unconditional love clearly shown in all the wool blankets you knitted for the "wrap with love" charity group in the past ten years. You worked diligently for the poor and needy fortnightly in Eastwood Library and insisted to finish them perfectly for them. Many were so lucky to get a blanket from you, wearing them in different parts of the world.

There is not enough words to express my love to your sacrifice for me and my family especially when Bonnie was little. You are sadly missed by my family and life will never be the same for us.

Goodbye, my very dear mother, may you rest in peace in heaven.

“ Frank, Dolly, May, Jane, Alice and Jason would like to express our sorrow for the loss of a dear sister, auntie and grandaunt, who has brought us lots of love and laughter during the time we spent together. We all miss her very much. Our deepest sympathy and condolence to her family.

“ Dear Pawsy, in my heart you are still here, watching over us and providing us with guidance and direction. I am so blessed to have you in my life, the pillar of strength and matriarch of our family. You had many grandchildren, but you had enough love in your heart for all of us. Your love was unconditional and you only wanted the best for each of us. My fondest memories are from my early childhood years, when we were all together in Melbourne, you were a constant in my life, and I still smile when I remember the weekly mahjong gatherings at our house. I truly believe I was sent by an Angel to be with you on the day you passed, I cannot explain why I went to Sydney to visit you, I cannot explain why I had a sudden urge to be with you, but I am so grateful that I was there to be with you in your final hours, your final moments, see your final smile, and hear your final words. Rest In Peace Pawsy, you will never be forgotten and your legacy will live on in each of us, we will take a little part of you with us wherever we go, whatever we do.....memories don't fade with time, they only become stronger.

“ Bill & I have very fond memories of our times with Aunty Cissy be it in Canada, USA or Asia. She was always full of life and fun, a live-wire in the group. I especially remember escorting her and my own Mom in Hong Kong and China, not once but twice! I will always treasure those memories and seeing the two sisters enjoy each other's company on those trips together. They are probably meeting up now in heaven still chatting about their children! We miss you, Aunty Cissy!

“ You will be surely missed tai tai, I hope you are resting in peace with tai gong. We have shared many laughs and memories that I am so lucky to have experienced and will cherish forever. I still remember when we joked about dancing like Charlie Chapman! You have been the best great-grandmother,
Love you tai tai, until we see each other again.

Dear Mom
Words are of no use to express how I feel right at this moment. The only thing I know I did right was to be able to bring the whole family together from Hong Kong to Australia some 40 years ago. We had some good times indeed and Edmund was very appreciative to have dad and your support when we set up our "Dragon Restaurant" on Burwood Road, Hawthorn.
Mom, We love you dearly and you will be sadly missed.
