“ *Saddened to hear the passing of my beloved Dr Wong. Doc has been taking care of me since I was a 15yr old teenager & became a trusted and valued friend that always had your well being at the forefront of everything he did. Still extremely sad every time I walk past the surgery knowing he isn't there anymore and hope someone fills the void in that same surgery to carry on a wonderful legacy. May he rest in peace and my sincerest condolences to all his loving family & friends. Such a great man 🙏*

“ Uncle Eric was one of the kindest, wisest and patient man I have ever met. He was always supportive and accommodating, never judgmental nor imposing, and always ready to provide help or to chip in some wise advice with his signature movie-star smile and a twinkle in the eye.
Thank you for being an amazing role model, for all the help and support you have generously offered and for all the wonderful feasts we shared. Rest in peace Uncle Eric. You will be fondly remembered by all of us.

“ *Both Anna and I were shocked and saddened to hear of Eric's sudden passing. We have known Eric since Sydney Uni, as I was in the same year group and we went on to work as GPs in the same part of Sydney. On retiring we referred our patients on to Eric. We will miss his happy and friendly nature as we often met up at medical seminars.*

Our thoughts and prayers go out to the family at this very sad time at the loss of this great and unassuming man.

“ To the Wong Family. We were all saddened and shocked to hear of the passing of Dr Wong who had been our fathers Doctor for the last 40 + years. We had all met and spent time with Dr Wong and spoken to him regularly about our dads health so we knew him to be a quiet, kind and very caring man that he was. He will be sorely missed by all of us and especially our father, Ninel Molinari. We gratefully appreciate all of Dr Wong's care for our dad over the many years. Rest in eternal peace and God Bless your soul.

“ To the Wong family can I pass on my families deepest sympathy and prayers. Dr Wong was an integral part of my life for the last 47 years and was so important to my mother and my children. He was a calming and deeply caring person who showed the best in what an old fashioned GP could be. Someone who took time to know his patients and his community. I cannot tell you the difference he made to my life that mad it possible for me to be where I am today. And the humour and the latest Malay eating spots we shared during his consultations will be sorely missed. I cannot imagine the loss you would have knowing the way he cared so much for his patients how he cared and loved is family. But his legacy and his love you have as a memory to cherish and he will not be forgotten with those parts remaining to bring you comfort in the years ahead.

“ Dear Uncle Eric,

With always perfect hair, a cheeky smile and happy demeanour, your kindness and care towards others was perfectly matched with your bright intelligence, giving the world an amazing doctor.

To me, you have been my uncle of few words. With a big smile erupting when golf comes up in conversation. A cheeky smirk when playing mahjong cos the game was in the bag! The boisterous laughing in the 40hr mahjong marathons.

My favourite times of you were observing you as GoongGoong to Ayden and Ryker. The love and hands on behaviour you exhibit create the biggest smiles in those boys and was the most beautiful sight.

You are missed Uncle Eric. And will be forever. Rest in peace.

“ I will miss you dearly Uncle Eric. Thank you for everything you did. You always looked out for Jemma and I throughout our lives. Despite fewer words spoken, your impact on our lives was great. Never one for the spotlight. You put everyone first and never asked for anything in return. I have no doubt you impacted countless lives, many of which I have no idea... To me you were the quiet uncle who loved and looked out for us, enjoyed prawn noodles and was more lucky in love than on the mahjong table.

“ Our family was shocked and deeply saddened to hear Dr Eric Wong has left this world so suddenly. We spent so many happy times with him and Christine on the many overseas trips around the World- he was always great fun, smiling and excellent company. My late father Dr Kai Shing Cho admired him greatly and valued his medical expertise as well as his wonderful company. We send our sincere condolences to Christine and his family for their loss. “ Eric,

Your untimely departure has shocked us all. I am still very saddened by the news. I have shared so much wonderful and cherished memories with you when we travelled many holidays abroad in different parts of the world.

You are always such a gentleman, polite, well spoken, knowledgeable, helpful, friendly, smiling and with a pleasant nature. I am amazed by your up to date medical knowledge and happy to share with me when we meet.

I recall all those memorable moments we sat together over the medical seminars. I am also so honoured that we played golf at Canada Fairmont Resort and also invited to play at your Ryde and Parramatta Golf Course.

*Eric, I are going to miss your company and God Bless. RIP.

“ I'm deeply sorry to hear about Dr. Wong's passing. He was my doctor for over 25 years, and I'll always be grateful for his professionalism, care, and kindness. The news was shocking, and I'll cherish the memorable encounters we had, like bumping into him during my holiday in Kuala Lumpur in December 2018, at a wedding party last November, and even at a car wash station as we waited for our cars to be washed. He'll be dearly missed. My heartfelt condolences to his loved ones. May he rest in peace.

*It's very sad to hear the passing of Eric Wong.
Eric and Christine were the first people I met outside my own family
when I came to Australia more than 43 years ago. We went for yum
cha, ten pins bowling and also a few rounds of mahjong.
Eric was always warmth and generous. A true gentleman always with a
smile.
He will be missed by all those who had crossed paths.
May he rest in peace.
My deepest condolences to Christine, Vanessa and family.*

“ My dear golfing partner Eric. You are gone too soon and your passing is still a great shock to me. I can't believe when I go back to play our course, you will no longer be there to share your antics on the golf course with us. I will miss our little bets which we both look forward to winning every time. You calling out "Game Over" for me on the 11th hole after crossing the pond and running after the ball when you miss the shot putts. It makes us laugh every time. I will miss all the friendly banters between us. There is so much passion, positivity and honesty when you play the game and it has been my privilege to be your regular partner in the last 5 years or more. Nothing stops you come rain ,hail or shine. It is a testament to the way you play the game. Enjoying the companionship regardless of how well you play. We will miss all the little gifts that you bring to the course like drinks and cakes and your generosity in the club house. I was looking forward to many years of great golf companionship with you but it was not meant to me. Let's meet up again one day and hopefully, we will get to play this great game of ours. Rest in Peace my friend and deepest condolences to your family and loved ones. Your golfing mate: Beng

“ My name is Jackie , one of the Registered Nurse that worked with Dr Wong since 2006 , it was indeed a devastated news ...it shocked me and had me into tears every time I remember his face... his smiling face , his witty jokes at times, his professionalism all of these are priceless , every time he is in our facility I make sure that I will make his afternoon tea , black tea and anything I can grab but definitely no dairy as he always remind me with a smile 😊 he was our family doctor , and become a great friend too ,my husband seen him a day prior to his heart attack at his clinic but no noticeable sign that this day will come .. Dr Wong I will never forget you , I am in the medical field now because your one of my inspiration that's why I pushed through, your professionalism embedded into me as a Registered Nurse to accomplish my duty of care with compassion.I never imagined that it will end this way , we were just sitting in a courtyard at our facility last week sipping our black tea and I will forever remember that day. Your empathy, professionalism , kindness, love and compassion to our residents and staff at Hixson Garden are enormous , I will never ever forget you Dr Wong .. you will have a special place in my family's heart . It was indeed an honour to work with you . You will be greatly missed , that smile when you are approaching the nurse's station and saying hi to everyone. Rest in peace Doc! We love and missed you so much .

My beloved little brother - my doctor, my protector, my friend.

You left us in such a hurry.

Now I only have sweet and fond memories of the many years we shared together. You have always been the most kind and generous person to me and my family. THANK YOU.

I so very clearly remember you were so proud when you gave me away to Hudson on my wedding day - it will always be perfect in my memory because of you.

There is no goodbye - but I know we will meet again.

You rest in peace. Have a smooth and safe journey to your new environment.

No doubt our dearest parents, brothers, sisters, my dearest late husband Hudson, and our friends will be there to welcome you with open arms and will take care of you, just as you took care of all of us.
