“ *Dear Avó,*

We will never forget the wonderful moments we had together. You have always been there for us since we were kids. We will always remember how happy you would get whenever you would see us, the million kisses and hugs we would get from you, how happy and proud you were of every single one of us. We are also very proud and extremely happy for having such an amazing Grandmother in our lives. Words can't express how much we love you and how much you meant to us. Can't be thankful enough of everything that you have done. You will always be in our hearts leng loi ❤️

*Love,
Mimi & Phil*

“ Avó, you have always been by my side since birth.

There are so many memories with you that I don't even know where to start.

I remember you flying to Macau every year to cherish us with love, gifts and more food.

I remember the smile on your face whenever you saw us.

I remember how strong, courageous and independent you were.

I remember how language barriers were never a problem for you.

I remember you laughing with us whenever you would make up strange words when you didn't know the right word.

I remember you cooking in the kitchen, making food for 10 even if its just 1 person visiting you.

I remember you teaching me some of your cooking so that I could make some myself.

It didn't matter how technology wasn't as advanced and you were living in another continent, you would call us all the time and we were always close. You will always be in our hearts, and I know there is still an invisible string connecting our hearts, even when you are in heaven.
