“ A year ago Nov 10th 2019, I was so happy to be able to communicate with Uncle Mark over Global Link in our St Mark's High School 70th Anniversary dinner party on the big screen virtually. He was one of our senior alumni in the group and was so excited in meeting with Toronto Alumni. He looked so good and talked loudly in the interview. It was a shock that Uncle Mark left us so sudden.

I heard of Uncle Mark 恩德舅父 since I married to Alex 1980. Not until Y2K, I was able to meet with him in Toronto. Uncle Mark was a cheerful and sentimental person. He made a couple special trips to Toronto visiting his siblings right after his retirement before he got busy with his grandchildren over 15 years ago. His brother and sisters were joyful in meeting with the youngest brother from the southern hemisphere. We all enjoyed his company and humor. I got to know more of him and Aunt Gloria. Alex and I started to plan our trip to Sydney to meet with the rest of the family. We finally made it in January 2017, and received very warm welcome from them during our stay. Thanks for their hospitality. Now, it is all in our memories. Uncle Mark, you are always remembered, always in our hearts.

“ My first memory of grand uncle Mark was 2002 when he visited Toronto for my grandmother’s birthday and family reunion. Of course there were many stories I heard growing up and that he is so far away on the other side of the world. But that weekend it was so much fun listening to my grandmother chatting with all her siblings and laughing about old memories. They all have the same laugh!!! And once in a while they broke into the family village dialect that none of us understood, like some secret language or inside jokes reserved just for them.

*Our thoughts are with your blessed family, Grand Uncle Mark.*

“ From Winston: Uncle Mark 三叔 was someone full of energy and fun. There are too many memorable moments he has given to me and my family over the years. I remember there was a summer when I was still in my primary school and Uncle Mark came to HK to visit us. I was sick and my parents were too busy to bring me to the doctor so Uncle volunteered to take up the task. That clinic trip in Wanchai turned out to be so fun as Uncle Mark kept entertaining me and buying me the best snacks. I also spent a summer with him in Sydney while attending a summer school. That was my very first time being away from home for so long. Uncle Mark and Auntie Gloria gave me a home away from home. Such a lovely person I am going to miss forever.

From Sabrina: We didn't see each other often in the 25 years we've known one another. But it was always must-do thing for me whenever I travelled to Australia for work over the years. Each time he would wait at the front yard for my arrival. Every time when we met, we just did something simple – had a chat and had some simple food — but it always filled me with such warmth. He was such a kind person, as a dad, granddad, uncle and brother. Perhaps that's what made him seem so ageless (he never had a single grey hair!).

(Grand) Uncle Mark, although as a distant family member, you touched our lives so intimately.

We will miss you more than words can say.

Winston, Sabrina, Charmaine & Cherilyn

“ More than 20 years ago, one day when I was still working at CABC Thornleigh church office, someone told me a brother in Christ came to mow the lawn for the church. I was curious and went out, only to find that unexpectedly this enthusiastic person was even older than me. He was smiling, obviously enjoying his work very much. I have never mowed the lawn before and suddenly wanted to try. Happily he handed the lawnmower to me. For only a short time I found lawn mowing too tiring and too time consuming for me. He laughed. Without any complaint he took over to finish the work himself. This was Mark, an always joyous, positive and helpful man. The Lord will remember what he has done for Him.

“ Growing up with Uncle Mark around me in the first 8,9 years of my life had been really fun and was all sweet memories. This warm and fuzzy feeling had been staying with me for all these years while he was living on the other side of the world. Having a good sense of humor, Uncle was a genuinely amiable sociable guy with heartfelt laughs all the time. I could feel the room filled with warmth and love anywhere with his presence.

There were a few times where Uncle was back home in Hong Kong from Sydney. Once when our grandmother passed away in early 1970's. I was a young teenager and I still clearly remembered the incident when Uncle Mark made me stand close to grandma in the waiting room upstairs in the funeral home while I was honestly shaking away. He strongly held my shoulders and encouraged me to take a good look at grandma when she was peacefully resting. That moment, I became very brave and thank to Uncle Mark in building up my courage and confidence during times when I feel insecure. That moment was still very deep in my heart.

The last time when I met up with Uncle Mark was our family gathering in Toronto and we had a blast chatting away at my parents' place.

We love our Uncle Mark and would like to celebrate his life with a memory that will stay in our hearts forever as a treasure!

Love you always  
Vicky, Andy and the Tang family.
