“ I am very sad to learn the passing of Bro Siak Puan. I know him not much, but had heard a lot of praises from my mum about his struggle in his early life working as as "coolie" in his father's provision shop and doing his studies. He progressed as a matured student to qualify his accountancy in Australia, and on his return to KL to be appointed as the Accountant with a Building Society. I am very grateful to him for his help to my parents in securing a mortgage for the property at 919, Jalan 17/36 before been turned-out from Gov't qtrs at Peel Road as my fathered retired then. I am very proud to have him as a brother in our family.

*May his soul RIP*

*Thank you Uncle Yen Yoong for sharing your thoughts and memories. I don't know much about my dad's earlier years, so every memory helps piece the picture together.*

“ Our heartfelt condolences to Wei Fung and family. Stories about our mum (Guan Kin) and Gee Ku (Uncle Siak Puan) living in Brickfields when they were young. And in the later years, sharing health tips / what vitamins are good for her. That's how they show love and concern. May he rest in peace.

“ Posted by Wei on behalf of Mr Robert Yap

*I had a great time with him during our college days. We were classmates n studied together in the State Library every evening n exchanging notes.*

*He was diligent in his studies ever willing 2 share his knowledge between us*

*He was very likable n honest. He never takes advantage of his friends n ever willing 2 help those in need. He is approachable n likeable. I have never heard him gossip or speak ill of anyone*

*Upon his return from Perth, he visited me 3 or 4 times at the Peel Road House. Finally, he pulled up his guts n told me he is interested in my sister Kwee Kin n the rest is history. It is my wish 2 meet up with him in one of our future life times*

*I am extremely sad with his passing. I wish him a safe journey wherever he is going.*

“ *Brother Siak Puan was a quiet man and very principled. He was one of the oldest students when he studied in Perth for his accountancy and had no problems graduating.*

*Honest to a fault and very helpful. From my observation and as told by people who knew him.*

*He had a fantastic memory for numbers my wife's phone number etc*

*Very resilient- had a bad fall in my house and yet got up with no complaints although he actually had disrupted his clavicle. We were happy to bring him home to Malaysia in 2022 which turned out to be his last trip home . We could see he was simple and unassuming and gave us no problems. Not fussy. He survived an attack of Covid and later a bad urinary infection for which he was admitted . It shows his resilience and fortitude in adversity. That sums up his attitude towards life.*

*It was our ( me and my wife )privilege to know him and take care of him during his final stay in Malaysia.*

*RIP brother Siak Puan*
