“ I loved how aunty would always find time for us nieces and nephews, whether it was a birthday call or just a general catch up. She would always give us 100% attention when given the chance as there was 17 of us to catch up with. When Por and aunty lived with us they both loved watching wwf wrestling with me, we found it entertaining and we would never miss it. She always took care of us and spoiled us. I remember everytime she and por went to Hong Kong She would always come back with presents namely a new game and watch for us. I know she will always be looking over us to find out what we're up to. You will always be in our hearts!

“ We will miss you dearly, Aunty Jan, you were wiser than your years. You were always their when I needed someone to talk to and had an answer for me all the time. I will miss our conversations. We spoke alot about the entire families. My mum will also miss you she had alot of laughs with you. We all did, your witty funny comments made us all laugh and we forgot about our problems. Russell could see the wisdom you had through your eyes. Aunty Jan, peace reign in your spirit united with mum and your sister Sitmoue. Bless you from our hearts as you are now with the Ancestors and the Great Spirit. Love always, never to be forgotten,
