“ Dear 姨媽,

You were the strongest person I've ever known and one of the people I most looked up to. Your life stories never ceased to amaze me, and I was constantly in awe of your strength and resilience. You were an inspiration to me more times than you knew, and you have touched more lives than I can count.

Even an ocean apart, it didn't stop you from showing the love and care you had for us. You loved and nurtured me in your own way, and every day I am grateful for the time I got to share with you. My only regret is that I never got to spoil you the way you did me. I can only repay you now by doing the best I can to be the woman you raised me to be. Thank you for being the role model that you were, and being the best aunt I could have asked for.

I miss you so much, but I know we'll meet again. Rest in the arms of our Heavenly father now, 姨媽.

“ Dear Willy,

In my eyes you are a very strong and independent woman, you have always been resilient to whatever you face in life. In 2001 when I arrived in Sydney, you have always been by my side during those times. We have shared so many memories together living next door. We looked out for each other over the years; this is something I will always treasure in my heart.

On the night I gave birth to my daughter, you were there with me throughout the whole journey. The amount of love you have poured out warms my heart and this is something I will never forget. I have always loved you and treated like you are my own sister. Benson, Steffany, and I have always been so thankful for you in everything you have done for us over the years.

We miss you and may you rest in peace

*Love,
Gloria, Benson, and Steffany*

“ Dear Aunty Willy,

You are loving, caring, and you have a heart of gold. I'm so happy to have shared such precious memories with you. I remember when you came down to Melbourne to visit, we had such a great time eating at different restaurants every night and going out to the city to shop around. This is a time that I will forever hold dear to my heart.

You have always taken care of me and loved me ever since I was a baby, you were the first person who held me and made sure I was well fed. You have taught me so many things that I value, you have watched me grow up over the years and have continuously shaped me into the person I am today.

You have played such an important role in my life as someone I deeply respect and look up to. Thank you for being in my life, you are truly a blessing. I hope you are doing well in heaven, and I hope to see you again one day.

“ Aunt Willy, our family was deeply saddened when we were informed about your passing. Unfortunately given the pandemic, we were unable to return to Australia to be with you during your final moments but our thoughts will always be with you.

My mother and I emigrated to Australia in the early nineties and you were our only close relative back then. It was difficult for my mom to raise me by herself during my toddler days (though I was a really good kid!), and you were always there for us when we were in need. We will be forever grateful and in dept to you.

One of my fondest memories of you is when you were in Hong Kong, you were wearing a billowy summer dress- all Marilyn Monroe like, while happily chatting about your favorite Korean celebs, I can still remember the laughter in your eyes. I also remember your fondness for Korean and Vietnamese cuisine and the times we ate out together when I was back in Australia.

You were a feisty, wise and charming soul and you will be greatly missed.

We will cherish the memories we have of you. May you rest in peace.

“ *Willy was a loved daughter of our Lord .
She was independent, resilient and loyal.
She lived a full life and looking back on her life, it is easy to see that
God was with her every step of the way.*

*Willy and I came to Australia the same year and we 've been friends
ever since. It's rare these days to have friends that you've known for
such a long time.*

*Now God has called Willy to be with Him. It's good to know that she
is in a good place!!*

*Willy lives in our heart forever and we will meet again in heaven one
day.*

Rest In Peace, my friend Willy!

“ To my respected Mentor, Willy,

I remember when I first started working as a dental assistant at Epping Family Dental, it was the first time I came into contact with this profession. I was like a blank sheet of paper, with so much to learn. Your friendly nature and mentorship allowed me to become who I am today as you expect nothing less of the high standards and professionalism. I am nothing short of appreciation for my boss for assigning you to be my mentor to support and teach me everything you know in this industry, demonstrating each procedure in detail, sharing knowledge and wisdom. Under your guidance I went from being an amateur to a confident and capable dental assistant. 🙌

Thank you very much for all you have done for me. Your teaching is deeply engraved in my heart. It will always remind and encourage me to continue to progress and improve. 🙏

May you rest In Peace and rise in Glory 🌸🌸💛💛

“ My first memory of Willy is more than 20 years ago when she came back to Hong Kong for our wedding from Sydney, Australia. It's definitely not an easy trip to arrange as she needed to schedule weeks of the surgery's appointment for the trip. This, of course, is not what I would have understood then.

We moved to Sydney in 1995 and she was the only close relative we had there. She took care of us in many ways and we were living so close together. She rented us her apartment when we first arrived. We enjoyed dining, shopping and travelling together. She invited us to parties often. Whenever my parents-in-law came to visit us, we met even more often. Their relationship is more than uncle and aunt to her cause she had lived with them for some years when she was young. Rita and her brothers also consider Willy as their elder sister. To Rita and myself, Willy is a respectable elder sister who is always caring and thoughtful. For Veronica and Jonathan, Willy is a loving aunt and they are grateful for that.

Willy is a family member to Rita since she was young. Our almost six years' living in Sydney brought us even closer together. She witnessed the birth of our first child Veronica when we were still living in Sydney. Both Willy and Rita have SLE and breast cancer, these have bonded us together in our life through the sharing of pain and worry as well as those words of comfort and prayers for each other.

Willy's life has not been easy but she is a strong person all along in coping with all those adversities in life! We are also thankful that she has good friends around in times of needs!

Willy started visiting church and believed in Christ many years ago. The relapse of her cancer has caused her pain, suffering and financial stress but her faith has grown stronger. While she sometimes complained to God and asked why, she continued to

trust in God and let the Lord lead her life!

Thanks for the Lord's provision, Rita and Benson's visit was at the right time and it has given Willy the comfort and support she needed in her last days.

Willy, we are in sorrow for losing you on earth! We are relieved because you no longer have to suffer from the grip of illness – not only the pain but the inability to fully take care of yourself! Willy, we miss you and we believe we will meet again in heaven!

“ *Aunty Willy was a confident, outspoken, intelligent and independent woman who radiated positive energy to everyone in her life. She was like another mother figure to my brother and I. We thank her for treating us like we were her own, for raising and watching us grow up. We both will do you proud to honour your life lessons.*

You will be greatly missed. May you Rest In Peace.

“ *Dear Willy*

I am forever grateful to you for your support in my students days and in my career. It is sad that I did not have the opportunity to say goodbye to you in person, but the fond memories will never be forgotten. Your cheerfulness, dedication and loyalty to your family and friends will live on in their hearts. I will play a piece of piano music for you today, the "Rustle of Spring". I know you will like the peaceful and serene music, and I am sure you can hear it in Heaven. May you forever rest in peace !
