“ Thanks to all Vera’s friends & classmates & colleagues. Yes, her smile will keep in our mind for ever. Edmund & I knew her cancer came back two years ago. We understood she won’t make it recover this time. We just wish we had more time together & more sweet life. Tour to Germany & Vienna, Western Australia, Japan Hokkaido & Spain & Potuagal, Melbourn, gave us good memory. I learn more life skills over two years & prepared for the change. Vera also tough us the way of happy & healthy life style. She understood her deadline comes one day. She more concerned Edmund & I, her Mum & sisters & brothers. In 2018 trip to HK, she visited her Mum & family members. She knew it would be the last time to meet her Mum. I still remembered almost all her family members came to see her off at Hong Kong airport & had dinner together. Edmund & I knew the change would come to us one day but we wish we have more days, more happy life. Vera & I went to Coggee beach every fortnight. She was happy to see the kids playing around. She understood I would buy a single cone ice cream as a bonus. We saw a old man painting along the bearch. On 5:45, 8th June, her cancer shutdown her breathing function. The change came eventually. After the things completed, we felt empty & loss. We didn’t need to do things, such as shopping for medication, hygiens things, vege, fish, etc. Our life changed. Vera not involved in our life. Every month, we went to cemetery to visit her & told her what our life was. Believe Vera will keep carrying us going forward because when we looked back , there were her foot prints along. Vera,

*I was very shocked that you were with Christ Jerus,
I knew you in October 1987 when we studied in Cumberland College of
Health Science . You were a tall and charming girl , wearing your
straight hair up to the
neck region .*

*You were a very diligent girl , studied very hard , always wore smiles ,
talking to friends in a sweet and soft voice .*

*I remembered your marriage photo in the City .Your family came back
in 2006. You called me each year before Christmas , not last year .*

*Your smiles - never forgettable in my mind , you are a very caring
friend , an excellent wife and mum , misses you .*

You are in peace .

See you in heaven .

“ *All the fruits of the spirit —Love, Joy, Peace, Longsuffering, Gentleness, Goodness and Faith, can be found in Bing since I acquainted her in 1982. Bing was really an angel in the nursing professional. Though she is not with us anymore, her knowledge and beautiful mind has conveyed to the next generation. And now God has relieved her burden. I deeply believe that we will meet again in the heaven. For Bing’s family, please be confident that Bing is carrying by Jesus with no more pain and suffering. We really miss our best friend very much but the eternal life granted by God is our comfort. Please live the way as Bing’s will. Then she will be happy. Take care and keep well.*

“ Dear Vera,
I knew you from the church in Aust then worked at Ryde together. Although we were not close, I found the spiritual fruits in you such as love, joy, gentleness, kindness and peace. I remembered once I came to you to have my blood test done. You used a butterfly needle to draw the blood and you explained because it's less painful. You are such a caring person!!
It is sad to hear your leaving but also know that you are now with our dearly Father in Heaven and at peace. See you again in Heaven!

“ Dear Vera,

Thanks for teaching us. We have learnt so much from you, not only knowledge and skills, but also the attitudes. What a good nurse should be, how we should behave professionally, and why we should advocate for the vulnerable people.

You may not remember me as you only taught me in the first year and afterwards you were on leave for a period of time. But I am sure all of your students will remember what you have contributed and we will continue to be good nurses or educators in the future. Your spirit will never end.

May you rest in peace.

It's a privilege to know you and I can't forget your smile and positive attitude. I remember that we shared our thoughts regarding our sons in Captivate when they were in turmoil. You were so encouraging. How could I forget your selflessness, when I asked if you could prepare a dish for our MES Christmas party and you said yes without any hesitation even though you knew that you couldn't come to join us. Sorry for not realising it was because you were sick. Your beef tendons were so delicious that they were gone in the first ten minutes.

I am really glad I met you when we first arrived in Australia in 2006 and to have you in our first cell group. Every time I had issues with my family, you always had the patience to listen and standby me. Your positive attitude somehow always comforts me and makes me positive. You will always be my angel. Recently, I kept reminiscing those vivid memories of every cell group gatherings including laughter, sharing, yummy food, God's word and many other things.

Hi Vera, it was just the beginning of last year that you joined our group in Easterwood BSF class. You were a sister in God very devoted and inspiring. Your encouragement helped members in the group amazingly. Thank God for you had left mighty impact on people's life, the sacrificial love and caring just few of them. We are saddened as you are no longer around us. We badly missed your cheerful spirit with a bit chicky smile. You just fell asleep and rested in God's arms at the place we all long for, the better home. “ Dear Vera,

You are a wonderful colleague and a leader in nursing education. Your care, support and friendship are always in my mind.

You have fought the good fight, you have finished the race and you have kept the faith. Now there is in store for you the crown of righteousness, which the Lord, the righteous Judge, will award to you on that day.

May Lord comfort and bless your family ! May you rest peacefully in Heaven !

“感恩在人生的旅途上認識Vera! 常在腦海出現是她燦爛如陽光的笑容, 於繁忙的市集通道上, 她總是首位發現朋友的蹤影, 耳底傳來友誼的呼喚, 好一位溫情滿溢的朋友啊! 病榻的日子完結了, Vera 被接到天家。現今雲層後的陽光顯得更耀目...

“ Dear Vera,
Very sad to hear the news. In my clear memory, you are a cheerful, intelligent and loving person, dedicated to your nursing profession as you are persistent in doing your best and sharpening up your career. You always show care to your students, understanding to your colleagues. I will not forget your smile.
You are committed to your family, a loving and understanding wife and mother. In the peak of your career, you made a decision to return to Sydney to be united with your family. I still remember once when I was in Sydney, we came across each other in Eastwood Shopping Centre. Though we had a brief encounter, I still remember you said your focus at that time was to provide a supportive environment for your son, cooked delicious food for him as he was sitting for HSC. You would not give him pressure but quietly provided him a facilitating environment as you always do.
Now you are with the Lord and rest peacefully in His hands. I trust your son will be under the guidance and loving care of the Lord above and through the support and care of your beloved husband.
We shall miss you very very much.

“ Dear Vera,

I remember when I attended your wedding 20 years ago and I was so happy for you. You taught us about Midwifery and NeoNatal ICU with so much care. I had so much fun learning from you and even when I married and had my own children the knowledge you gave me guided me through my parenting and I will be forever grateful to you. Thank you for all you have given the world, its a shame that we lost such a well experienced nurse. Rest in peace.
